

Darling has several Grease Trap Service Programs to choose from.

All are designed to meet your location's specific needs. The correct service program can virtually eliminate grease trap hassles, saving you countless hours and potential emergency costs. We offer three levels of service:

- * **PLATINUM PROGRAM** — 4 week service with guarantee
- * **GOLD PROGRAM** — 8 week service
- * **SILVER PROGRAM** — 12 week service

A trained grease trap specialist will visit your location to help determine which level of service is right for you so you never pay for service you don't need. Darling's grease trap service program provides you with:

- * A complete needs analysis
- * An individual program tailored to your business
- * A team of trained professionals using state-of-the-art equipment
- * High-pressure cleaning
- * Regular inspection of trap and trap lines
- * Two free line jettings per year for Platinum Program customers
- * Complete site cleanup after every job
- * Environmentally sound disposal or processing of removed material
- * Emergency service if needed
